

## SURPRISING. PLURALITY CUT IN BAY STATE.

**Gov. Draper Re-elected, With Vahey Close Behind.**

**Foss, Renegade Republican,  
Gets a Large Vote.**

**Figures Indicate Power of  
Tariff as Issue.**

**BY DIRECT WIRE TO THE TIMES**  
BOSTON, Nov. 2.—[Exclusive Dispatch.] Massachusetts today re-elected Gov. Draper over his Democratic opponent, James H. Vahey, by a vote estimated at 188,556 to 180,956, or a plurality of 18,600. This compares with a Republican plurality last year of 60,164, the same men being the candidates. In 1897, the Republican plurality was 112,676.

Eugene N. Foss, Republican, who ran for Lieutenant-Governor on the Democratic ticket, received an estimated vote of 175,164 to 157,311 for Frothingham, Republican. These figures further indicate the power of the tariff as an issue, for Foss, who confined himself exclusively to this in his campaign. In other years, the Republican plurality for Lieutenant-Governor has approached that for Governor.

Boston contributes largely to the Republican stamp, if it gave Vahey \$18,500 to \$14,000 for Draper. This, with the exception of the plurality given Collins for Mayor in 1895, is the record Democratic plurality of the city's history, which is anomaly Democratic to not more than 14,000.

Many cities and large towns normally Republican, went Democratic, among them Holyoke and Marlboro, which today broke away from the tradition of years.

**COMPLETELY RETURNING.**

Complete returns for Governor follow:

Draper, Republican, 180,956; Vahey, Democrat, 181,956; Republican plurality, 18,600.

The following State ticket was elected: Governor, Eben S. Draper of Hopkinton; Lieutenant-Governor, A. Frothingham of Boston; Secretary of State, William Moulton of Boston; Treasurer and Receiver-General, Elmer A. Stevens of Somerville; Auditor, Henry E. Turner of Malden; Attorney-General, Daniel Malone of Greenfield.

The next legislature will show the customary Republican majorities in both branches.

In this city Dist.-Atty. Arthur Hill was defeated by Joseph Pelletier, Democrat.

**"REFORMERS" DEFEATED.**

**Philadelphia Rolls Up Larger Majority Than Ever for the Regular Republican Ticket.**

**ASSOCIATED PRESS NIGHT REPORT.**

PHILADELPHIA, Nov. 2.—Philadelphia today re-elected Samuel P. Rotan District Attorney on the Republican ticket by a large majority. His opponent was D. Clarence Gibbons, a leader of the reform element, and well known by his connection with the "Law and Order Society."

Three years ago the candidates opposed each other, and Rotan won their victories by 11,494 votes. Today Rotan's majority was more than 20,000. The vote was the largest in the city's history, and the interest was intense. On the State ticket the Republicans elected J. A. Stone, State Treasurer; A. E. Sisson, Auditor-General; Robert Mosher, Judge of the Supreme Court. Against the latter, C. Larue Munson (Dem.) made a spirited campaign, and returns indicate that in many counties Munson ran ahead of his ticket.

Two years ago John O. Sheets (Rep.) was elected State Treasurer by 14,224 plurality. Today the Republican majority was somewhat under these figures, but will exceed 10,000.

**PUBLICAN MAJORITY.**

**ASSOCIATED PRESS NIGHT REPORT.**

PITTSBURGH, Nov. 2.—In a 16,000 plurality verdict in favor of a \$750,000 bond issue, Greater Pittsburgh loosened party lines today for municipal improvements. Allegheny county gave the Republican majority for State and county offices.

**LOUISVILLE DEMOCRATIC.**

**REPUBLICANS ADMIT DEFEAT.**

**ASSOCIATED PRESS NIGHT REPORT.**

LOUISVILLE (Ky.), Nov. 2.—Indications tonight were that W. O. Head, Democratic Mayoralty candidate, has won over Mayor James E. Grinstead, Republican candidate for reelection, by 2,000. Owen Taylor, Citizens' Party candidate, received about 1,600, and George D. Todd, Independent Republican, twenty-six votes. The election of the entire Democratic ticket for County, municipal and county offices, is conceded by the Republicans.

But one serious clash with negroes occurred. Moses Perkins, white, was shot and instantly killed by a negro, who escaped.

**ALDRICH UNHARMED.**

**NO REVOLT IN RHODE ISLAND.**

**BY DIRECT WIRE TO THE TIMES.**

PROVIDENCE (R. I.) Nov. 2.—[Exclusive Dispatch.] Rhode Island re-elected Gov. Poister today in an election that brought out only 60,000 of the 15,000 voters in the State.

The reported revolt against Aldrich did not materialize, and the polling places throughout the State were about as disturbance. Poister's plurality is practically the same as last year, 7,000.

The amendment to the Constitution, conferring the veto power upon the Governor, was probably adopted, and a bond issue of \$500,000 for the improvement of the water fronts in this city and Pawtucket was authorized.

The election was held tight today for the first time in the history of Rhode Island elections, and the tenacity people made some substantial gains.

**REPUBLICANS CONTROL.**

**N. J. SAFELY THERED.**

**ASSOCIATED PRESS NIGHT REPORT.**

TRENTON (N. J.) Nov. 2.—Elections late tonight indicated the Republicans would gain control of both branches of the Legislature. In Jersey City, Mayor Whittemore, Democrat, has been re-elected by a large majority. The Democrats have elected a Mayor in Bayonne, for the first time in thirteen years. The Democrats carried Trenton by a large majority.

## FEUD CLAIMS VICTIM IN "BLOODY" BREATHITT COUNTY.

**ASSOCIATED PRESS NIGHT REPORT.**

JACKSON (Ky.), Nov. 2.—Tidings Blanton today killed Demosthenes Noble, following an election quarrel. Noble crippled Blanton's right arm with a bullet. Noble avenged, according to Blanton, had placed a pistol at the breast of two of Blanton's brothers.

Noble was a former employee of Judge James Hargis, and complications are expected.

The country election, over which there were many skirmishes, passed well into the afternoon without trouble of any kind. The militia is guarding the polls in Jackson and throughout the county. A heavy vote was polled.

**BALLOTS STOLEN.**

Reports from Crockettville and Sebastian Branch early today were that two attempts, one successful, had been made to steal ballots near Crockettville precinct, at the mouth of Long's Creek.

The home of Mary Dealin, who held the ballots for that precinct, was destroyed by fire, and the ballots were burned.

**RULE REPUBLICAN ELECTED.**

According to their political beliefs, Jackson and Breathitt county men stigmatized the firing of the Dealin home as intentional or accidental. The most reliable report from the place, which is twenty-two miles away, that Mrs. Dealin was feeding the Lexington soldiers under Capt. Samma when the fire occurred. Fresh ballots were supplied from Jackson.

## REASONS.

## SICK OF SPY SYSTEM, PEOPLE FOR FICKERT.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Nov. 2.—"I recognize that my election is the condemnation by the people of San Francisco of the un-American spy system and the un-American methods which my opponent has been a party to during the recent campaign. I have no regrets except for poor San Francisco and the many thousands of people who fought shoulder to shoulder with me in the good fight."

HENRY EMITS CHOK.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Nov. 2.—Shortly after midnight Francis J. Heney in conceding his defeat for District Attorney made the following statement:

"The first battle for 'equality before the law' has been fought and lost, but the war against graft will continue to be waged by all true soldiers who have been fighting with me in the great cause of common honesty, common decency and civic righteousness."

"The fight between the forces of evil and the forces of good is, and must be, a perpetual one. San Francisco has received a sad blow and the cause of equality before the law is a great setback."

"We have been defeated in this election, but the sober, moral sense

## HENRY DEFEATED.

today's election was the strong showing made by McCarthy in the big Republican districts, like the Thirty-seventh, Thirty-eighth and Thirty-ninth.

Owing to the complicated ballot, machines were not used in voting at today's election, and consequently the count had been very slow. McCarthy and Fickert led from the time that the counting of ballots began, and maintained their lead with almost unvarying ratio.

Shortly after 9 o'clock the Call, which supported W. H. Crocker, the Republican candidate for Mayor, and Heney, District Attorney, conceded the election of McCarthy by a plurality of 10,000, and Fickert over Heney by 15,000 majority.

**PERSONAL VICTORY  
FOR PAT CALHOON.**

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Nov. 2.—[Exclusive Dispatch.] The election today brought to an end the bitterly fought battle of Spreckels, Phelan, Heney, and their followers, forming the so-called graft prosecution, for the election of Francis J. Heney as District Attorney of the city and county of San Francisco. Heney is overwhelmingly defeated. His opponent, Charles M. Fickert, while a young and heretofore comparatively unknown figure, is a graduate of Stanford University, and is a man of the highest integrity and character. Personally he has made an interesting figure. Fickert is a young giant; he stands 6 feet 4 inches, was on the Stanford football team, and was a track-and-field athlete. The result of the election was in part due to Fickert's clean, high character, but this alone could not account for the humiliating defeat of the so-called graft prosecution. Fickert, in his defense, says that he did not belong to or be under the orders of any man or men in the discharge of his official duties, was beloved by the public at large.

On the other hand, the great majority of the voters of San Francisco believe that Heney is no more than the privately-paid attorney of Rudolph Spreckels, and that if he were elected the office of District Attorney would be turned over to him to represent Spreckels' interests. The result of the election was in part due to Fickert's clean, high character, but this alone could not account for the humiliating defeat of the so-called graft prosecution. Fickert, in his defense, says that he did not belong to or be under the orders of any man or men in the discharge of his official duties, was beloved by the public at large.

The question before the voters of San Francisco in this election was whether or not they approved of Heney as District Attorney receiving money from Rudolph Spreckels, a private individual, and in return there acting for his interests. To this it is well known that Heney and his law partners have received large sums of money from Spreckels, who has been organizing a street railroad to compete with the existing company, whom present Patrick Calhoun, vice president of the prosecution, as unscrupulous, high-handed and un-American.

Spreckels singled out Patrick Calhoun as the principal, if not the sole object of the most bitter fight over in San Francisco. The result of the election may be taken, therefore, as not only a vindication of Calhoun, but also, in fact, a personal victory.

The Calhouns and their friends are angry because Circuit Judge Adams, candidate for reelection, refused to give the command of the troops to Sheriff Crawford, a Redwine partisan. The situation in Jackson is peaceful.

**ANTI-CHURCH PARTY WINS.**

Carrizo Salt Lake City on Question of Mormon Domination of Municipal Affairs.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND, Nov. 2.—At 9:45 Mayor Tom L. Johnson conceded his defeat by about 10,000.

"I will be a candidate for Mayor two years from today."

Mayor Johnson was defeated by Herman C. Baehr, Republican County Recorder. Unofficial returns from approximately half the city indicated that Baehr's plurality over Johnson was at least 4000 and might run to 6000.

With Johnson probably went the bulk of the Democratic ticket, those Councilmen who have been conspicuous in their support of the Mayor's street railway programme suffering losses.

Baehr is the first Republican to be elected Mayor of Cleveland for ten years.

**CAUSES OF DEFEAT.**

[BY DIRECT WIRE TO THE TIMES.]

CLEVELAND (O.) Nov. 2.—[Exclusive Dispatch.] The defeat of Mayor Tom L. Johnson was brought about by loss of confidence in the low-grade Mayor. He had run too long on his settlement of the traction problem, and when the public found the arbitration by Judge Taylor would not be completed before the election, the voters refused to take Johnson's word for it that he would put the peace ordinance through after election.

The able political writer today said: "The whole problem resolved itself to this: If the people of Cleveland are through with Mayor Johnson, he will be beaten. If not, his election seems certain. Neither the Republican candidate nor the Republican campaign, apparently, figures as a factor in the problem."

Mayor Johnson opened his campaign with a declaration that the street railway question was settled. He declared taxation the issue. The Republican orators attacked the pending street railway settlement as a fraud and the Mayor as insincere.

**CARRYING OUT TARIFF LAW.****Philippine Sugar Must Have Proof of Origin.****Shippers Will Have to Notify Authorities.****Small Producers Will Get the Preference.**

(ASSOCIATED PRESS NIGHT REPORT.)

**WASHINGTON.** Nov. 2.—To provide for the issuance of certificates of origin for sugar, tobacco and cigars and the keeping of records generally on Philippine products shipped to the United States, an executive order recently promulgated by Acting Gov. Gen. Forbes at Manila, was today forwarded by the Treasury Department to all concerned.

It carries into effect Section 5 of the tariff law, which relates to the tariff on Philippine products.

All sugar producers desiring to avail themselves of the privilege of free entry of sugar into the United States, must file with the internal revenue collector, written applications therefor before the opening of the shipping season, and not later than November 1.

The order takes up when and how certificates of origin shall be issued, and when they expire. It gives full effect to the provisions relating to preference to small producers in their right to free admission into the United States. All Philippine officials have been instructed to advise small importers of sugar of their preferred rights.

Strong evidence that heretofore has been necessary as to age of etching, or stamping, to indicate country of origin, is required in instructions issued today by the Treasury Department. The instruction are to harmonize several paragraphs dealing with etchings so as to make them conform to requirements proposed in Section 717 of the new tariff law.

The secretaries call for affidavits and engravings "bearing in existence for twenty years prior to their importation."

TO BREAK UP GRAFT.

Treasury Department Will Go After Fruit Importers Who Abuse Decay Allowance Privileges.

(ASSOCIATED PRESS DAY REPORT.)

**WASHINGTON.** Nov. 2.—"Break up the importers' graft" is the slogan of the Treasury Department and its customs collectors just now, and the acting secretary contributed today another chapter in the government's fight against the abuse of the privilege of allowance for decay while fruit is being held subject to entry.

Investigation has shown the importers in many cases leave the fruit at the government docks until they are ready to deliver it, then enter it with a claim for allowance for decay, but sell the goods regardless of the government's allowance for impairment.

Collector Loeb is advised in today's instructions that where no entry is made by the importer for perishable fruit, he should be allowed only forty-eight hours after the entry of the vessel, such fruit should be treated as unclaimed, and not being entitled to warehouse privileges under the law, should be sold forthwith on giving public notice for three days.

LAW IN THE WAY.

Prevents Bit of Kindness on the Part of the United States Supreme Court.

(ASSOCIATED PRESS DAY REPORT.)

**WASHINGTON.** Nov. 2.—The popular belief that the Supreme Court is without heart received a fatal blow yesterday, which was administered by the court itself in an opinion in the case of Sarah H. Fall versus Elizabeth Eastin.

The case grew out of a divorce proceeding in the State of Washington, in which the wife sought to quiet title to a piece of land, which the Washington courts sought to convey to Mrs. Fall, who now is a resident of Nebraska. The court could not give her the land, but Justice McKenna, who delivered the opinion, said, in effect, that it would do so if the law did not stand in the way.

The divorce was granted to Mrs. Fall in Kings county, Washington, in 1890. In the settlement order by the court, Mrs. Fall was awarded a tract of land owned by Fall in Hamilton county, Neb., and as Fall failed to make a deed, according to his directions, the Washington court performed that service. In the meantime, Fall deeded the property to his sister, Mrs. Eastin.

The Nebraska Supreme Court decided the case against Mrs. Fall. That decision was yesterday affirmed by the Federal Supreme Court, although Justice McKenna stated that the court had reached its conclusion with reluctance.

Army Pupil of Aviator Sent Back to His Cavalry Troop for Duty.

(ASSOCIATED PRESS NIGHT REPORT.)

**WASHINGTON.** Nov. 2.—Lieutenant Frank P. Lahn, who gained international fame by winning the James Gordon Bennett cup in Europe last year for the longest flights in a dirigible balloon, has been relieved from detail in the Signal Corps of the army, and ordered to report to his cavalry regiment.

His place will be taken by Lieutenant Walter C. Jones of the Thirteenth Infantry, now stationed at Fort Leavenworth.

Lieut. Lahn's retirement from the Signal Corps is voluntary under section 40 of the army regulation.

During the last two or three weeks, Lieut. Lahn has been engaged at the new aeronautics station at College Park, Md., in giving instructions to other officers of the Signal Corps.

Mayor of Kenosha Starts to Do Gallery Politics, But Is Stopped.

(BY DIRECT WIRE TO THE TIMES.)

**KENOSHA (Wis.).** Nov. 2.—(Exclusive Dispatch.) Mayor M. J. Scheley, the erratic chief executive of Kenosha, got spectacular again this afternoon when he took in his own hands the enforcement of a ruling of the common council and armed himself with an axe and started out to cut down the poles of the Kenosha Gas and Electric Company on streets of the city.

The Mayor had cut down just one pole when his further progress was stopped by an injunction. He had let it be known that he was about to get busy on the poles and when he made his first stroke with the axe, a photographer was on hand to take a picture of the work and this will be used in his campaign.

Kenosha and Smith are busy buying furniture, Smith having taken a house overlooking Rock Creek Park for two years. He has his entire family here this year, and the Misses Smith will have a taste of local society this winter.

Representative Kahn also is here and McKinlay will be back from the river trip of the Presidential party in a day or two. Hayes is also due any day, he being engaged like Smith and Needham in fitting up a new residence.

proceeding must be regarded as criminal solely and in consequence that the evidence on which the conviction rests was not so considered but was presented in a bill of exceptions reserved on hearing. I will content myself with saying that I am not clearly convinced that it must be so regarded.

"I have heretofore expressed the opinion that much of the injunction order was null and void because opposed to the constitutional provision concerning freedom of speech and of the press. Subsequent reflection has confirmed this view."

"I contend that the court had jurisdiction of the subject matter of the controversy, and of the parties. Most of the court, however, rendered the opinion that the defendant's contention was well founded and that the power of the court in this case was limited by express provision of the Constitution."

"Frank Morrison, the only one of the defendants now in custody, has filed a motion for a writ of habeas corpus challenging the adverse decision of the court, declared he found much consolation in the dissenting opinion of the Chief Justice.

GOMPERS'S STATEMENT.

ASSOCIATED PRESS DAY REPORT

NEW YORK, Nov. 2.—Sam Gompers issued today the following statement in regard to the decision in the Buck Stove & Range Company case:

"With all due respect to the majority of the court, I cannot surrender constitutional guaranteed rights because a judge will issue an injunction invading and denying these rights."

"Chief Justice Sheppard's dissenting opinion in defense of the constitutional and inherent rights. Minority opinion of counsel in part when ultimate rights were invaded became the law of the land and the generally accepted rule of life, and I have an abiding faith that the rule in this case will prove no exception."

"Mr. Gompers said an appeal probably would be taken to the United States Supreme Court.

"Mr. Gompers said, "and then beyond that."

ASSOCIATED PRESS DAY REPORT

ST. LOUIS, Nov. 2.—W. Van Cleave, president of the Buck Stove

and Range Company, issued today a

statement supporting the decision in

the case of Messrs. Gompers, Mitchell

and Morrison. He said:

"The assault upon me by the Ameri-

can Federation of Labor in 1906 was

plotted in cold blood.

Not as an individual, but as presi-

dent of the Association of Manu-

facturers, the most influential organi-

zation of business men on the globe.

The Federation exists in order to

show its power. It aimed to strike

terror into everybody outside its

ranks—workers, employers and the

general public alike—and to coerce

the President of the United States,

Congress and the courts, Federal

State to do its bidding.

## INDIANA RESULTS BLOW TO TAGGART AND BOOZE BACKERS.

(By Direct Wire to the Times.)

**INDIANAPOLIS.** Nov. 2.—[Exclusive Dispatch.] Samuel Lewis Shank, the auctioneer candidate of the Republicans, who began business as a driver of a delivery wagon, was elected Mayor of this city today, a majority of 1800 over Charles Gause, his Democratic opponent. Judge Fremont Alford, independent, does not appear to have pulled any vote of consequence.

The election of Shank probably means the entire Republican ticket has pulled through. The result is a distinct victory for the prohibition and temperance cause, as it was concluded that the brewsters would control the city in the event of Gause's election.

Thomas Taggart was very active in behalf of Gause, and the candidate had unlimited funds back of him. Throughout the State the liquor interests seem to have met with more success. South Bend was captured by the "Liberals," and in Michigan City Fred C. Miller, proprietor of the "Bucket of Blood" saloon, is elected Mayor. LaPorte is elected as Mayor Lemuel Darrow, a disbarred attorney who had been convicted of subversion of perjury.

Local option was the chief issue in all the cities and towns. The liquor

interests made desperate plans everywhere to hold their territory from further encroachments, and it is said the distilleries and breweries everywhere disbursed money into the State without stint.

It was the "good old times" for the notorious "Indiana bootleggers" and the prohibition forces did well to hold any ground.

The Republicans also won at Evansville, where Charles F. Hellman was elected Mayor.

Further victories were won at Indianapolis at Richmond, Crawfordsville and other smaller cities. George T. Harper, Republican, was elected at Madison.

The Democrats carried South Bend, Mishawaka, Lafayette and probably Terre Haute and several smaller cities.

**FORT WAYNE REPUBLICAN.**

[ASSOCIATED PRESS NIGHT REPORT.]

**FORT WAYNE (Ind.)** Nov. 2.—The Republicans carried this city today, electing Jesse Grice over August M. Schmidt, Democrat, for Mayor and the entire city ticket with the exception of one Commissioner.

**MUNCIE MATOR DEMOCRATIC.**

[ASSOCIATED PRESS NIGHT REPORT.]

**MUNCIE (Ind.)** Nov. 2.—Edward T. Tubbs, Democrat, defeated Dr. G. W. Kemper, Republican, for Mayor in the election. The entire Democratic ticket was elected.

**NEW YORK ELECTION.**

(Continued From First Page.)

avenue polling place. His presence, however, proved such an attraction that the police were called upon to disperse the spectators and young Taft was transferred to work as a Republic can "scout."

Herbert Parsons, Republican county chairman, said that the election had been the hardest fought municipal contest ever held in New York.

"It is true that this has been a quiet election," he said, "but there has been much crookedness and I think we shall hear more of this later. Our watchers reported all day long that ballots had been found already marked with a cross in the Democratic column before being handed to the voter. There were other peculiar things going on, too, how generally I cannot say at this time."

**CROKER ON DECK.**

Richard Croker, Tammany's old chief, heard the returns tonight at the Democratic Club. It was the first time he had been there on an election night since Seth Low defeated Van Wyck.

"What do you think of it?" he was asked.

"I'm not thinking," said Croker with a smile. "I'm out of politics now, you know. I've not mixed in it and I don't want to. I shall stay in New York five days more, but I will not advise with the leaders of Tammany Hall. I am going to Florida. I intend to stay in the country about six months and I shall come back every year."

**HEARST ALSO RAN; WAS AS POOR THIRD.**

[ASSOCIATED PRESS NIGHT REPORT.]

**NEW YORK.** Nov. 2.—William J. Gaynor of Brooklyn, formerly a State Supreme Justice, was elected Democratic Mayor of Greater New York to-day over Otto T. Bannard, the Republican fusion nominee, and William E. Hearst, running independently, but heading the fusion ticket. When two-thirds of the election districts were cast Gaynor's plurality was 75,000.

Hearst ran a poor third. Estimates from 500 election districts placed him 22,000 behind Bannard, who, in turn, was 20,000 behind Gaynor.

Bannard conceded Gaynor's election early in the evening. He was, however, that the fusion forces would capture the Board of Estimates.

Herbert H. Parsons, chairman of the Democratic City Committee, congratulated Gaynor's election by at least 50,000 at 9:30 o'clock.

**WON ON PERSONAL RECORD.**

William J. Gaynor, who now becomes Mayor of Greater New York, was elected on the strength of his personal record as a jurist and his stand for personal liberty and a liberal Sunday. Although the fusion candidates, he maintained throughout the campaign that no boss should dictate to him, and one of his favorite remarks was that if there was to be any swallowing between him and the tiger, he ultimately would be the tiger.

Gaynor was prominently mentioned as a Democratic Vice-Presidential possibility last year, and in 1924 he declined the Democratic nomination for Governor. He has been a near-candidate for Mayor of New York for years, but, as he expressed himself to friends, he wanted to be sure of election—to be elected Mayor and then Governor, at a view of becoming President of the United States.

Backed by Tammany in the campaign just ended, Gaynor was bitterly assailed by pupils and bar, not to mention the bitter attacks by newsies who reported him, after having agreed to support him, and the less personal attacks of Bannard.

His enemies sought to show that, in his capacity of Justice of the Supreme Court, he had tried to defeat the purpose of an anti-bellum bill introduced in this State; but the candidate, while denying the charges briefly, declined to answer at length what he branded as lies.

**TARGET FOR SERIOUS CHARGES.**

During the campaign, William M. Irvin, Republican candidate for Mayor

in 1924, publicly charged Justice Gaynor, then on the bench, with misusing his power for political purposes and challenged him to bring proceedings for disbarment.

District Atty. Jerome called him a political charlatan, shown in the past to be totally destitute of courage and wisdom, and added that his name was tinged with insensitivity and a desire to bring charges. Justice Gaynor's friends replied if it be promised that he is an old-line democrat, a believer in the axiom that "he who serves his country best governs best," his decisions and his political life will be found alike consistent.

Justice Gaynor, who is married, is the father of eight children. He first attained prominence in connection with a taxpayer's suit which he caused to be brought against Hugh McLaughlin, one-time Democratic boss of Brooklyn, in the course of his campaign. McLaughlin's downfall was directly the result of his defiance of watchmen at the polls appointed by Justice Gaynor, coupled with his announcement: "Injunctions don't go here."

Gaynor supported Bryan in his first campaign and Revere for Governor in 1904. His pressing of the charges against Police Commissioner Bingham, growing out of the Duffy case, involving the right of the police to hold the pictures of the unemployed persons in the police's library, led directly to the removal of Gen. Bingham and brought Gaynor into renewed public attention just before the fall campaign opened.

In his speech of acceptance, Gaynor said he would make a nomination which is unassisted by pique, pride or condition whatever, other than to be Mayor in fact."

**PUBLICAN MAJORITY LESS IN LEGISLATURE.**

[ASSOCIATED PRESS NIGHT REPORT.]

**NEW YORK.** Nov. 2.—The election of the State Senate and Assembly resulted in the choice of a lower branch of the Legislature having a Republican majority of about thirty-eight, as compared with a Republican majority of forty-eight in the Senate.

City and town elections were held at many points with varying results. Louis Fuhrmann, Democrat, was elected Mayor of Buffalo; James B. McCreary, Democrat, Mayor of Albany; Miriam N. Edgerton, Republican, re-elected Mayor of Rochester; Edward S. Scheneck, Republican, Mayor of Syracuse; Daniel Sheehan, Democrat, Mayor of Elmira, and Dr. Charles C. Duray, Democrat, Mayor of Schenectady.

**SHOWS REGARD FOR HUGHES.**

[ASSOCIATED PRESS NIGHT REPORT.]

**ALBION (N. Y.)** Nov. 2.—Orleans County, which stood by Gov. Hughes in the race-track fight, again demonstrated its loyalty to Hughes today. Col. P. Wright, direct descendant of one of the Democrats, was elected to the Assembly by 1100 plurality over Frank J. Murphy, who voted against the direct primary bill in the last legislature.

Gaynor was prominently mentioned as a Democratic Vice-Presidential possibility last year, and in 1924 he declined the Democratic nomination for Governor. ## Tunnel Meeting.

The Second-street Tunnel Association will meet tomorrow night at the home of William Riley, No. 210 South Fremont avenue. Important matters are announced for discussion.

For Improvement.

The North, Northeast and Northwest Improvement Association will meet at 4 p.m. tomorrow, in the Chamber of Commerce committee-room, third floor. Important matters will be discussed.

Rock for the County.

E. M. Hall was yesterday awarded the contract by the Board of Supervisors to furnish rock for the county from the San Dimas quarry. Hall was the only one entered, and provided for leading the quarry and furnishing rock at \$34 cents a ton.

Two Revenue Cutters.

Soon two revenue cutters will be patrolling these waters, the Perry being stationed off our harbor and the Bear at San Diego. The two vessels will keep a close watch for smugglers and cooperate with the customs officers. For the present, the McCulloch will be stationed at San Francisco.

Plaing for Delays.

The attorneys for L. Gutierraz De Lira, the Mexican revolutionist and anarchist, are still plaiing for a delay in the proceedings before the local immigration inspector. John D. Works, candidate for Councilman on the Go-Go ticket, has been secured to aid the other lawyers who are opposing the efforts of the Federal officials to deport the man who is regarded as a menace to American institutions and a rabid agitator of the worst type.

Death Takes Hugh Foster.

An announcement has come from San Diego of the death of Hugh Foster. Mr. Foster was a graduate of Stanford University, and at the time of his illness preceding his death represented the Colorado Iron & Fuel Company of Seattle. He was a young man of doubtful personality, and had many friends. He was a nephew of ex-Secretary of State John W. Foster, and a cousin of Carroll A. and Fielding J. Stillson of this city.

Closed Incident.

So far as the Sheriff is concerned the disappearance of Deputy Willard W. Dennis is a closed incident. He announced yesterday that he has a man's word to tell all the facts as stated by Dennis. "Dennis was one of the best clerks we ever had in the office," said the Sheriff. "He was thorough, competent, and always on the job. I am sorry that he left, but his motives were probably of a personal nature, and I do not care to inquire into them in any manner."

Look Out for Impostors!

Spencer K. Sewell, secretary of the Associated Charities, stated yesterday, that a woman, a woman soliciting funds for the organization without its authorization. "We have no person soliciting for us," states the secretary. "who is not directly connected with the work. Each worker carries a letter of identification from our society, as well as an endorsement from the Merchants' and Manufacturers' Association. At least reports the alleged grafter was calling from door to door in the southwest part of the city.

Annex Hollywood?

The most important local measure before the Chamber of Commerce directors meeting this afternoon will be the plan to annex Hollywood to this city. The Municipal Affairs Committee will make its report probably to-morrow, and a recommendation will be made by the board. It is said that the majority of Hollywood residents are eager to consolidate with Greater Los Angeles at the earliest opportunity. Its citizens believe the advantages will be many. There appears to be little or no opposition here, though active campaigning may be postponed until after the city elections.

## CONVENTION PREPARATIONS.

Entertainment of Delegates to Railway Telegraph Superintendents' Association Discussed.

In connection with the convention of the Railway Telegraph Superintendents' Association, to be held in Los Angeles May 16 to 20, inclusive, next year, a meeting was held yesterday afternoon in the office of L. T. Oyer, first vice-president and chairman of the Entertainment Committee, to make arrangements for entertaining delegates.

The following representatives of local electrical interests were present: F. H. Lamp, superintendent, and R. H. Miller, local manager, Western Union Telegraph Company; C. L. Lewis, superintendent, and V. V. Stevenson, local manager Postal Telegraph Company; H. L. Bleckley, manager United Wireless Company; H. C. Chase, assistant superintendent of telegraph of Santa Fe; A. E. Boone, superintendent of telephone, and signal, Pacific Electric; W. T. Maddox, superintendent Los Angeles and Redwood; J. A. Lightfoot, electrical engineer for the Edison Electric Company; L. Kelser, superintendent of the Home Telephone Company; J. W. Gilkison, superintendent of plant, Pacific Telegraph and Telephone Company; H. B. Woodfill of the Woodhill-Hulse Electric Company; H. G. George of the Western Electric Company; J. E. Krause, president of the Southern Electric Company of New York, chairman of the subcommittee, outlined the plans of the committee in the East.

The entertainment of the ladies and members of the association was discussed and committees appointed to make arrangements for excursions trips in and near Los Angeles. Judging from the spirit of the meeting, the visitors will be given a royal reception.

## LODGING-HOUSE DECISION.

The Second District Court of Appeal sustained the judgment of the San Bernardino Superior Court yesterday in the case of Joseph Butcher against W. D. Allen, which was decided in favor of the defendant. Mr. and Mrs. Hicks of San Bernardino sold their lodging-house and furniture to Butcher. He had Mrs. Hicks take care of the house for a few days. During that period creditors of Mrs. Hicks brought suit against her and attached the furniture. Butcher then brought suit against Allen, who represented the creditors. The Appellate Court held that the lower court decided according to the weight of evidence, and that there was no reason for disturbing the judgment for the defendant.

# THE PUBLIC SERVICE—In the Courts and Offices

**SUMMARY OF THE DAY.**

The Hewitt public utilities law was passed over the Mayor's veto by the Council yesterday.

Preliminary resolutions for the harbor and power bond election were adopted by the Council, and election ordinances will be passed Friday.

The enforcement of the new rules relating to divorce cases in Judge House's court yesterday caused the attorneys to sit up and take judicial notice.

Judge Bordwell decided that a winter son or who does not settle his bill must pay it extra charge of \$2.50 for having the water turned on again.

The long case of W. H. Carlson, charged with embezzlement, will come to a close today, provided Carlson, who is appearing in his own behalf, concludes his argument.

Judge Bledsoe yesterday ordered the name of Johanna Engleman, the woman near-juror, taken out of the jury box. The court declared that the laws of California do not provide for women jurors or mixed juries.

Four cases of me, beating or insulting women were brought up in the Police Court yesterday and two of the defendants were heavily fined.

**AT THE CITY HALL.**

## HEWITT MEASURE BECOMES A LAW.

**COUNCIL PASSES IT OVER UNCLE ALEX'S VETO.**

**BURGESS WHEN CITY CLERK COUNTERMANDS ORDER FOR ITS PUBLICATION THIS MORNING AND GOES HUNTING. MUNICIPAL LEAGUE IS INTERESTED IN PRECARIOUS DELAY IN TAKING EFFECT.**

The Hewitt public utilities ordinance is now a law. It was passed over the Mayor's veto yesterday, only one Councilman, Wren, who doesn't believe in any of the proposed measures, voting against it.

It was the intent of the Council to have it published by the City Clerk this morning and a committee composed of Drongold, Blanchard and Tonkin visited the Clerk yesterday afternoon to make sure of its publication. Clerk Lelande promptly assured them that it would be published this morning, thus making it effective December 1, and the committee left satisfied.

Five minutes after the committee was gone Lelande countermanded the order he had given his deputy in the presence of the committee. Then Lelande went hunting, according to his deputies.

Just when the ordinance will be published is not known. It is customary to publish ordinances the day following their passage, but in this case the Municipal League is interested in delaying publication as long as possible.

The action of the Clerk is inexplicable to Drongold yesterday afternoon, when he learned the publication had been delayed. "He passed us unhesitatingly that it would be published," said in Deputy Clerk and executed the order in our presence."

Members of the Council say they will ask an explanation from Lelande today. They say he has always been prompt to publish ordinances supported by the Municipal League.

Early publication is desired because it will put the measure in force before the election.

After the Mayor's veto was read in Council yesterday, Councilman Blanchard moved the passage of the Hewitt ordinance, over the executive disapproval. The decision rested entirely with President Pease and he took the floor to give reasons why he disagreed with the Mayor.

The whole difficulty was found in the fact that the Mayor had the right of appointment. Pease said this was peculiarly the function of the Council in this case.

"I have been told as late as this morning that I was bounced into supporting this ordinance; that it was a safe, and I am not going to be bounced; neither am I going to be bounced by those that prefer the Municipal League Ordinance."

The Hewitt ordinance is almost the same letter for letter as the league ordinance, with the exception of the Council's amendment to the commission and the location of the appointing power. The ordinance passes ratification day over the veto is called the Hewitt ordinance because it was drawn by the City Attorney at the order of the Council and contains all that he chose to put in the ordinance. The first section creating the commission and locating the power of appointment.

The league's petition requiring the submission of its ordinance to a vote in December was received and the City Attorney directed to report an ordinance submitting it next Friday morning.

During the discussion of the ordinance Councilman Hesch delivered a long-thrashed invective on the Municipal League, which he called an organization of "freebooters." He said it has proposed many measures that the Council has shown to be expensive and unnecessary and that the opposition to the granting of the river bed franchises and then asked it for its own creation.

During the morning session on motion of Blanchard the Council named Perry M. Welder, Lee A. McConnell, Dr. Walter Lindley, J. D. Schuyler and W. M. Bowen as the members of the Board of Public Utilities. They are the same named when the Democratic ordinance was passed a month ago with the exception of W. M. Bowen, who succeeds Joseph Scott, who declined to serve. The ordinance provides a salary of \$1000 for each member and an addition \$2400 for a secretary and treasurer, and the organization until just before the election, and nothing may be done until after the result of the election is known.

**INCREASE WAGES.**

**LABORERS TO BENEFIT.**

Part laborers are to have their wages increased from \$2.25 daily to \$2.50, thanks to the work of "Mike" Mooney, one of their number, and Councilman Barney Askey, himself once a street laborer. He only not only led the fight for the increase for the park workers but also got the street laborers included.

The attorney was instructed to report an ordinance carrying the increase into effect and placed the motion before them the next morning. It is expected that the added expense on the pay rolls will amount to between \$40,000 and \$50,000.

Drongold opposed the increase, saying that Uncle Alex and Park Commissioners Paul and Randall, all candidates, had agreed with him to recommend to "pass the buck" to the property, and that there is not a drop

when he found that the Park Commission had recommended the increase.

The annual raid on the salary box continued yesterday in the City Engineers, the Building Inspector's and the Geodesician's office forces being.

Like the other raids made last week, most of those today were imposed by Wallace, chairman of the Finance Committee, who is now away.

The Engineer's office got the following:

Assistant engineer, \$225 to \$250 monthly; one engineer, \$200 to \$225; two construction engineers, \$175 to \$200; and two bookkeepers from \$100 to \$125.

The electrician got increases for inspectors from \$100 to \$115; three clerks from \$80 to \$100; one from \$75 to \$85; and the chief inspector from \$100 to \$115.

The Building Inspector did not get salary increases but got two additional men in the building and one in the plumbing departments.

**BOND ELECTION.**

**PRELIMINARY RESOLUTIONS.**

Resolutions were adopted by the Council yesterday, declaring that it was necessary to issue harbor bonds amounting to \$1,000,000, and a aqueduct power bonds amounting to \$2,500,000, for improvements for the municipality that the current revenues could not meet. They are preliminary for the formal ordinances calling the double election for January 26, and these ordinances will be submitted by the City Attorney at a special meeting of the Council at 11:30 o'clock Friday morning.

Councilman Drongold wanted the Attorney to define the specific work which is to be done at the harbor, but the Attorney said it would be wise now to announce the plans of the city, even if they were in such shape that they could be announced, which is not.

The harbor resolution calls for the expenditure of \$100,000 in the inner harbor of Wilmington, and \$200,000 in the construction of wharves, docks, warehouses and water-way work, but does not fix any specific locations.

The City Attorney holds that the details were not necessary, and that the city should be disclosed just as the city was prepared to do when publication would not jeopardize the municipal interests among the many at the waterfront that are hostile to the city.

**SINKING FUND.**

**WHY CONTROL INVESTMENT?**

Whether to veto the Finance Committee with the duty of investing the accumulations in the sinking fund, which will aggregate a million dollars in the next ten months, or to name a Sinking Fund Commission is to be decided by the Council Friday morning.

The City Attorney yesterday advised the appointment of the Mayor, the City Clerk, the City Auditor and the Attorney as a sinking fund commission, with the City Clerk an ex-officio member, to act in the absence of any two of the other members. The commission is modeled after the State Board of Examiner, and has the same duties to perform.

Some Councilmen insisted that the day following the election, the Attorney urged immediate action one way or the other, as the money, or a large part of it, would be in the treasury ready for investment.

**Will Appreciate It.**

Answering the Chamber of Commerce's letter asking an expression from the Council as to a new Union Tax for Los Angeles, that body yesterday directed the clerk to write that "The Council has the opinion that the new union station is not yet needed and would be appreciated," "short but sweet," said Drongold, who proposed the sentence. The chamber asked for six letters, one to each of the railroads interested here.

**CITY HALL BREATHES.**

A temporary fund of \$5000 was advanced yesterday to enable the city to pay experts and witnesses in condemnation suits, instead of requiring them to wait, sometimes years, for their fees. It is feared that such delay has led witnesses to charge higher fees than if they were paid promptly.

The operation of the new rules was the subject of much discussion among attorneys. It was argued that there were no precedents for the new rules, and hence charged with desertion to testify in actions brought by their wives, considering the fact that the last Legislature made wife abandonment a felony. The extra expense made necessary in securing depositions was instances where wives are unable to raise the necessary funds.

It is also alleged by attorneys that where notice of the beginning of an action of divorce has been served upon defendants either by personal service or by publication, as the new union station is not yet needed and would be appreciated," "short but sweet," said Drongold, who proposed the sentence. The chamber asked for six letters, one to each of the railroads interested here.

**ARGUMENT BEGINS.**

**CARLSON CASE NEARS END.**

The long-drawn-out case of embezzlement against W. H. Carlson will go to the jury today. Just when is a matter of doubt, for the defendant, as his own attorney, will speak to the jury in his own behalf this morning. But the testimony is all in, and Deputy District Attorney Blair addressed the jury in behalf of the people yesterday.

O. Reinhold, secretary of the Ralston Realty Company of San Diego, explained the over draft of \$2000, drawn December 17, 1907, on the corporation by Carlson, and rehearsed the familiar story of the draft for that amount on William Graves of East Orange, N. J., that was not honored.

Mark Jones, president of the Merchants' Bank and Trust Company, was put on the stand to explain the custom of the Los Angeles banks in regard to overdrafts, but his testimony was not allowed to go to the jury.

N. Blackstock, president of the Merchants' Trust Company, and a member of the Board of Bank Commissioners, deposed to testify to the facts that it was the customary thing to allow overdrafts by large depositors, and that in February, 1907, the Ralston Realty Company engaged in handling the property of the Carlson Investment Company.

John Munz, a florid German, who writes poetry and gets his mail at Roosevelt, at the extreme north end of Los Angeles, who will go down in local history as the most notorious juror ever drawn in the Superior Court, is having his troubles. Munz, 100 miles from Los Angeles and it costs the taxpayers \$27 every time he travels to the county seat (\$15 for mileage and \$2 for service), but so far he has been unable to get on a single jury. And it is not because Munz has not tried, either.

He got a place on the McLain damage case just temporarily, with Mrs. Mrs. Bowles, and they exchanged reminiscences, for they both hail from Switzerland, but both were summarily challenged for cause.

Yesterday Munz tried it again, but for a second time he was summarily excused. It was during the examination of jurors for the Frank Cole damage case when Munz was asked what his business was. He replied: "I am a justice of the peace, but I have never had a case; I am a gardener, and raise cabbage, corn and potatoes; I am postmaster and draw 15 cents a day; I am a correspondent of one of the Los Angeles papers and—but that was enough and he was again excused.

Judge Bledsoe thought so valuable a man could not be spared from his community.

**JURY SERVICE TOO PROSAIC.**

John Munz, a florid German, who writes poetry and gets his mail at Roosevelt, was also ruled out by the court.

S. E. Smith, attorney and manager of the Ralston Realty Company, engaged in handling the property of the Carlson Investment Company, testified. He said that up to December 29, 1907, there had been collected \$85,000 for the Carlson Investment Company. In May, 1908, the Ralston Realty Company paid \$40 in cash, and about \$20,000 on deferred payments due on lots sold.

**CITY SEEKING INDEMNITY.**

Judge Conroy yesterday overruled the demurrer of the defendants in the case of the city of Los Angeles against S. J. Edwards and the Astina Indemnity Company, in an action growing out of the construction of the outfall sewer, in 1904-5, and the case will now be pressed for an early hearing.

The city seeks to recover \$141,250 by reason of the abandonment of the contract to construct the outfall sewer. The city seeks to recover \$141,250 by reason of the abandonment of the contract to construct the outfall sewer.

On July 1, 1904, the city entered into a contract with Edwards for the construction of the outfall sewer, at a total cost of \$65,000. Three days later, Edwards assigned the contract to Charles Stanbury and C. L. Powell, who secured a bond of the Astina Indemnity Company for the faithful performance of the contract.

In 1905, Edwards abandoned the job, and the city sued him for \$15,000 for labor and material.

The case of A. Whirus against Minnie Wilcox was postponed to January 24 for more testimony. That of Anna Cash against J. E. Cash was put off until December 1 for the same reason.

No word from the defendant, and the plaintiffs refused to accept the amount of the bond, for which judgment is asked. The case will be stubbornly fought.

**DECISION AGAINST MRS. LEO.**

Judge James yesterday decided against her the action brought by Mrs. Kirkpatrick-Lee against Ernest Francis Leo, a real estate man of this city, for an amount of \$100 a month during the pendency of her complaint against Leo for annulment of their marriage.

Before the job was abandoned, Edwards paid Stanbury and Powell \$32,500, and after that firm had thrown the job, the city paid \$15,000 for labor and material.

## Editorial Points

It seems that William Randolph Hearst "also ran."

San Francisco has apparently tired of gun fighters.

The moving pictures of a tiger licking his jaws are not inspiring.

Politics is a business and not a sentiment in "little old New York."

Tammany elected Gaynor and it now remains to be seen whether Tammany will own him.

At a late hour last night the indications were that Pennsylvania had gone Republican.

Among the ruins we also notice the once-proud form of Tom Johnson, the people's friend.

All this excitement of yesterday simply reminds us that we must soon take a dose of it ourselves.

In the cheers over the result in San Francisco the voice of Rudolph Spreckels was not distinctly heard.

Sometimes we think that the more candidates there are for office, the less choice there is for the voter.

Scientists say meat causes cancer. It may be true or not, but it is certain that the price causes a pain.

An English judge says there are fourteen errors in life. This does not include, of course, errors of the mind.

We will say for Christobel Pankhurst that she looks good from her pictures, even if she is a suffragette.

"Pin Head" McCarthy Mayor of San Francisco: O fog of the sea, wrap with your pitying tears the Golden Gate!

We should judge from the New York returns that the "white slave" business need not look for new quarters.

Speaking of revolutions, we may say that there is no end to them. There are some people who are always in revolt.

Having revived the days of '49, Stockton will now settle down to its usual place at the head of the San Joaquin Valley.

Every pulpit in New York opposed Gaynor. Probably pulpits have more influence in religion than they have in politics.

"Who owns the air?" asks a Boston editor. Before giving our answer we desire to know if it is not air the gentleman refers to.

Mosh Slimson's plan to bring Heney to Los Angeles after his triumphant election in San Francisco may possibly now be changed. Huh!

Forty-nine persons attended the lecture of Matt Henson in Philadelphia. What encouragement is there in this for Peary, we'd like to know.

The way Willie Hearst defeated Gaynor and selected himself constitutes one of the most notable chapters in the history of American politics.

E. T. Earl said that if Heney were defeated in San Francisco he (Earl) would make him (Heney) Governor of California. It is now "up to" E. Too-ocious.

Between the United States and Canada 25,000,000 barrels of apples have been harvested this year. Thus the pie and dumpling supply is amply assured.

The Chinese have taken a great liking to former Vice-President Fairbanks. It was probably warm in China at the time and he cooled things off for them.

Notwithstanding that Ty Cobb and Hans Wagner have gone into winter quarters there appears to be plenty of excitement in different parts of the country.

A New York Grand Army man has been arrested for having five wives. It is not necessary to look up his war record to know that he was a brave man.

A Shanghai paper declares that the courts will rule that the air is free if a question as to the right of way comes up between the airships. Very kind of the courts, indeed.

It may possibly be necessary to even revise Davy Crockett. The wiser course would be to be sure you are right and then study the matter over a little before going ahead.

A German gymnastic instructor has invented an exercise for girls which is to be practiced with a broomstick. We can tell him right now that it will never be popular in this country.

The climate of the earth has undergone no real change since prehistoric times, according to scientists. That's the trouble with the earth's climate, except as far as California is concerned.

When last heard from the Seattle man who threw his wife's diamonds out of a Pullman car window while he was undergoing a spell of absent-mindedness was still passing resolutions to reform.

In the uproar that followed the announcement of the result it is said that the sounds of the footsteps of Heney's gum-shoe men could be heard as plainly as a custard pie falling into a plate of

## THE RESULT IN SAN FRANCISCO.

In defeating Francis J. Heney for District Attorney at yesterday's election, San Francisco saved itself from stultification. The city also saved itself from a menace, and the people, by their ballots, refused to coincide with the vituperation, the filthy slander and the outrageous abuse which the wild man of Arizona has heaped upon San Francisco business men and San Francisco's business interests on every rostrum he has frothed from during the campaign.

It was asking a great deal of the people of our great neighbor of the North to lick the hand of this blithering mountebank after he had made it a habit to slap in the face the city and all who have striven so nobly for its rehabilitation. No city that ever existed has had a harder task upon its shoulders than the task which disaster placed on the shoulders of San Francisco in an unkindly hour. For three long, desperate years—long years because of the fearful straits in which the city had been placed—the business men of San Francisco have striven with a courage worthy of the Spartans in their noblest days to wrench success from sore defeat. But, as though these men had not enough to bear and enough to contend against, Heney climbed on their shoulders like a devilish Old Man of the Sea and strove with his foul abuse, misrepresentation and vilification to break them down.

What San Francisco has been thinking of Heney's squallid and damnable attitude the people of San Francisco have now declared by their votes. They have put the wild man back into his native jungle. They have snipped the beak of the vulture as he gaoed over the travail of a stricken community. Reckless as San Francisco can sometimes be, it could not bring itself to the more than reckless situation of placing in power a man whom they knew would stop at nothing to satisfy his own sordid spirit of hatred and revenge. Had Heney been elected to the office of District Attorney, the administration of the law in San Francisco would have been worse than a farce; it would soon have been a tragedy.

We suggest that the Los Angeles Municipal League and the "Goo-goo" organization of this city, which have been so fond of sending for Heney to tell the people of this town what to do, now invite him to come again, that he may pour out his impotent rage on the business men of Los Angeles, again calling them grafters and threatening to put them in jail, as he has threatened before. Maybe Los Angeles business men might not like it any better than San Francisco business men have shown themselves to like it, but that's neither here nor there. Heney is the friend of the Los Angeles Municipal League and the "Goo-gos" of Los Angeles, and they should not be ungrateful. By all means bring him down to aid "Uncle Aleck" in his campaign.

In the general rejoicing over Heney's defeat, however, there is a note of chagrin as the announcement comes from the Golden Gate that San Francisco has elected to the office of Mayor the unspeakable "Pin Head" McCarthy. The election of this notorious blatherskite is due solely to the political crimes and blunders of the Spreckels-Heney and labor-union coalitions. San Francisco has elected as its Mayor another Schmitz; and the news, when it reaches the outside world, will do San Francisco no good.

## NEW YORK'S NEW MAYOR.

Most of the seers, prophets, soothsayers and forecasters, not to speak of the betting men, have been vindicated by the New York result, if nobody else has been. They could see nothing in it but Tammany from the time the cards were dealt. Judge Gaynor is a shrewd politician and he has played the game well. Posing all his life as an anti-spoils politician, as an independent of the independents, always, as far as appearances went, at any rate, in antagonism to the machine, he boldly plunged into the arena, castor and all, without asking anybody's leave, and then got the endorsement of Tammany Hall.

The report of the Commissioner of Pensions shows that in 1866, the year after the Civil War was done, the pension account called for \$15,857,714. Fourteen years later, in 1880, the pension account passed \$50,000,000, and the \$100,000 point was passed ten years later, or twenty-five years after the war closed. Steadily the sum ran, ranging up to 1900 at from \$140,000,000 to nearly \$150,000,000. By an act of Congress passed in 1901 the pension list called for \$165,000,000, and the act of 1909 will call for as much this year. The average paid this year will be \$169.82. This is \$14 per month for 950,000 persons.

## UNCLE ALECK'S RAW POLITICS.

Like a recall Hercules slaying the hydra of iniquitous legislation, your Uncle Aleck has jumped with both hob-nailed soles on the ordinances which the Council deemed satisfactory for the investigation of the business of public-service corporations.

First he vetoed the Dromgold ordinance, sending in a message that reflected the ideas of the whole Recall Set, for Uncle Aleck alone could not produce such a fearful and wonderful work of mere language. Next he took the full legal ten days to treat the Hewitt ordinance on the same subject the same way and for the same reasons. In both messages he used the specious argument of the set that hopes to win control of the city through Uncle Aleck's renomination and election.

The vetoes were largely political claptrap designed to cast dust in the eyes of the people by pointing out alleged iniquities in the two ordinances and by magnifying the "differences" in the sanctified production of the Municipal League. Now, there is but one real difference in the two measures—the Hewitt law, just vetoed and passed over the Mayor's veto, and the Municipal League ordinance, to be voted on at the December election.

The difference is in the appointing power. The Hewitt measure provides that the Council shall select a paid commission of five members. The league ordinance provides for a commission of three, unpaid, named by the Mayor. Can there be doubt as to why Uncle Aleck prefers the league ordinance? Is there doubt why the league prefers Uncle Aleck as the appointing power? Well, hardly.

By appointing this utilities commission the Mayor would practically gain control of every public-service corporation in the city, so far as politics is concerned; and he could, through the commission, build up the greatest political machine a city has ever known. Think of it! One man to have the power to investigate and gopher into the affairs of all the corporations that operate under public franchise, and that one man, in the clutches of the remorseless "Our Set," for boldness in conception and design the recall schemers have Tammany beaten a block.

If a war should be forced on our country there are 2,000,000 American citizens ready to do what 1,000,000 did in 1861 to 1865, what a lesser number did in 1848, a still smaller in 1812, and the little handful who from Lexington to Yorktown won the War of Independence.

Uncle Aleck has used his vetoes for two purposes—one to play practical politics with the confounding Goo-Gos, and the other to preserve his "prerogative" and procure for himself the power to appoint three men to put political thumbscrews to the corporations.

Wipe your specs, Uncle Aleck, and look at the handwriting on the wall! The public will have no more of millionaire-owned officials.

## GETTING ENGLISH CAPITAL.

The investment of English capital in the United States is freer at the present time than at any in the past which we recall; it is going into various enterprises in the United States, and some of these call for large sums. For example, just now in New York City there is an immense hotel being put up which will run all the way through from Fourth Avenue to Fifth. The beginning of the building was on Fourth Avenue, and it created some remark that such a magnificent building should not have gone on Fifth. Recently the ground fronting on Fifth Avenue and lying back of the structure, already nearly completed, has been secured by these hotel people, and plans are being made to extend the hotel through from street to street. The entire cost will be in the neighborhood of \$4,000,000. And it transpires that this is almost if not entirely London capital.

The tendency of many Britshers to invest abroad has been noted for years past, and its acceleration is a matter of quite common comment on the part of financiers and those who keep close run

The war with Spain and that in the Philippines for pensions took \$26,383,805.21. The regular army outside of the figures above has taken for pensions \$15,507,028.07. Miscellaneous pensions run to \$16,484,99.77. The total is \$3,913,082,513.73. Add the \$160,000,000 for the fiscal year and we get over \$4,000,000,000.

on industrial affairs. Both in London and New York this increased tendency of English money to seek investment in America is attributed to the hostility manifested on the part of the party in power to accumulated wealth. The taxation scheme involved in the new budget is certainly not friendly to capital, particularly to inherited wealth.

It might be well for some of our sane promoters here in Los Angeles to take cognizance of this notable fact. Undoubtedly New York is a good place in which to invest money in hotel enterprises, but we doubt if it is any better or even as good as here in Los Angeles; or if it is better this year, it will hardly be better five years hence, and certainly will not be so ten years hence.

A good deal of money has gone into hotels in Los Angeles in the nine years of this century, but none too much for the opportunities and the needs of this rapidly growing city and this land of sunshine, which draws so large a number of tourists annually. We have a great number of apartment structures, but these involve the trouble of keeping house. Undoubtedly they are very attractive for small families in a community where domestic servants are so difficult to come by and often so unsatisfactory. But we are speaking now of hotels and not only lodge, but depend upon the dining-room for their meals.

We may expect the demand for such accommodations to increase very considerably. And, by the way, not only the city, but the seaside and the mountainside furnish inviting opportunities for the investment of money sure to return handsome revenues. We have referred more than once recently to the desirability of having mountain hotels something like those which mark the Adirondacks in New York and the White Mountains in New England. There are numerous locations where such an investment would undoubtedly pay.

Supposing some of our energetic real-estate and industrial promoters take up this matter, with a view of inducing the investment here of some of this English money which is so badly treated at the set.

The wonder is that in this world we do not know how anything goes.

## EVENTS IN LOCAL SOCIETY.

In the auditorium of the Woman's Club House on South Figueroa street, last evening, Miss Jessie Marshall became the bride of Daniel Stanley Setman of this city. The room was a bower of beauty. The ceremony was performed by Dr. Hugh K. Walker beneath a large wedding bell surrounded with clusters of ferns and chrysanthemums, and about the walls garlands of ferns were entwined with chrysanthemums.

Miss Marshall, who is the daughter of Mr. and Mrs. T. B. Marshall, No. 122 Grand View place, was attired in white charmeuse satin made with a soft train and trimmed with Duchesse and rose-point lace. Her bouquet was of lilies of the valley, and she wore long tulip vest, fastened with orange blossoms. Miss Maude Marshall, sister of the bride, in pale green mousse-de-soie, trimmed with lace and pearls, assisted as maid of honor. A small bouquet of Cedil Bruner roses. The Misses Ethel Setman and Mabel Fischer, in gowns alike, of pink mousse-de-soie, trimmed with lace and pearls, were bridesmaids. Their bouquets were the pink rose buds.

Leo McGowan was best man, and the ushers were Dr. F. O. Sundin and Dr. N. J. Horton. Little Margaret Watkins, in a white frock, carried the rice.

Members of the Friday Afternoon Club, of which the bride is a member, held a festive occasion, forming an aisle to the altar. The young women included Miss Arley Totten, Miss Mabel McGowan, Miss Mary McGowan, Miss Anne Richards, Miss Elizabeth Richards, Miss Maude Wood, Miss Maude Adams, Miss Zelma Dickson,

Miss Mabel Fischer.

The reception-rooms were picturesque with quantities of pink roses, and above stairs where supper was served the same blossoms were arranged. Dancing followed the supper, and music was furnished by A. E. Goodrich.

At the conclusion of a trip Mr. and Mrs. Setman will reside at No. 928 Elden avenue.

**Returns from East.** Mrs. Charles H. McFarland, No. 363 Ellendale Place, has returned from the East, where she has been spending the last two months.

**Evening Wedding.** Miss Ordan Smith, daughter of Mrs. Ordan Smith, No. 525 East Twenty-first street, was married last evening at the family home to William Miles, Rev. Clarence Cowan officiating. The bride wore a gown of white museline, with trimmings of real lace, and carried an arm bouquet of white chrysanthemums. Miss Ordan Smith, a sister, was maid of honor. She wore a becoming costume of light orange. James Miles stood with his brother, as best man. Yellow and white chrysanthemums were used in decorating the home.

Following the ceremony, supper was served, and later Mr. and Mrs. Miles left for a trip, at the conclusion of which they will be at home to their friends at No. 3460 Second avenue.

**Guest of Parents.** Mrs. Harry Le Cato Smith of Charlottesville, the house guest of her parents, Mr. and Mrs. Joseph C. Whitington of No. 214 Breed street.

## WOMEN'S CLUBS.

The Reciprocity Committee of the California Mother's Congress met yesterday at luncheon at Christiana's, covers being laid for eighty-five members. Rev. Dana Bartlett was the speaker, his subject being "Why All Women Should be Interested in Better Homes for the People." Others who addressed were Mrs. William Baurhite and Miss Jessie Hoke.

**Highbank Park Club.** The Highbank Park Club met yesterday afternoon in Masonic Hall. There was a business session, and an address by Mrs. F. O. Dewey, president of the Y.W.C.A. Mrs. Dewey told what the Y.W.C.A. has done for girls in the city. Miss Jessie Platt explained the work of "The Deacons at the Railroad Stations." Harry Knox gave several piano selections.

**W.C.T.U. Meeting.** Dr. Laura will have charge of the programme at the Los Angeles W.C.T.U. meeting tomorrow, and will give a talk on "The Medicine Chest of the Twentieth Century."

## CATCHY MUSIC.

CANNOT KEEP SONGS CANNED.

## PROFESSOR NAPOLEON" AIRS ALREADY POPULAR.

Army of Participants in Coming Extravaganza Have Been Giving the Cat an Airing—Melodies Are Being Whistled, Hummed and Sung All Over the City—Rehearsals.

The way the musical cat is getting out of the bag is perplexing to the ladies who are directing preparations for the production of "Professor Napoleon" at the Auditorium for five performances commencing a week from tonight. Out of the 720 society girls, business men, college students and church choir singers from Los Angeles families who will participate in the extravaganza, it is estimated that 719 can whistle accurately and not less than 600 can play the piano.

Therefore, many of the songs and airs of "Professor Napoleon," which the management had hoped to keep from the public until the production went on, are being whistled, hummed and played in hospitals, in the fashionable homes in town, in offices, in stores, in street cars and on the street.

There are twenty-five musical numbers written especially for this production. All of the music is of the light comic opera type and is bright and catchy. The numbers which are being composed at present popular are "See You on the College Team," "We're on Our Way on the Varsity Team," "Rah, Rah, for the College" and "I Can't Reason This Old Thing Out."

The Friday Morning Club on Figueroa street is the scene of most of the rehearsals. The residents in that vicinity claim that they can hear the singing opera and songs from hearing the music often.

The headquarters of the committee of the Children's Hospital, who are sponsors for "Professor Napoleon," have been established in the Equitable building. There is almost a continuous stream of local Thespians in and out all day, every day, who have come to get their parts and to inquire about rehearsals, seeking advice about dances, new people offering their services and others coming for tickets. In fact, a big New York theatrical agency would not transact the great bulk of business during each day. Since the costumes arrived last week they have been distributed and a photograph in full dress costume of all the army of participants are being taken.

The sale of seats will open at the Auditorium Saturday morning, at 9 o'clock.

## TEMPORARY INJUNCTION.

It is issued at Bakersfield in Connection With Disputed Property at Midway.

BY DIRECT WIRE TO THIS TIMES: BAKERSFIELD, Nov. 2.—[Exclusive Dispatch.] A temporary injunction was issued by Judge Bennett today, at the request of Atty. F. E. Burton, acting for the National Oil and Gypsum Company, restraining J. C. Yancey, W. G. Vanstyke, H. B. Wells and A. B. Malone from interfering with the plaintiff in the work of drilling for oil on the disputed property, section 21-22, in the Midway oil field. The company, represented by its attorney, filed a motion for injunction, and the injunction was filed on the land by the plaintiffs in October, 1906, and last month the plaintiffs began putting lumber on the ground for an oil well derrick when they were prevented by the defendants, who employed threats and force. A display of guns is said to have been made.

The plaintiffs, who are J. M. Danziger, C. A. Canfield and W. E. Watson of Los Angeles, do not seek to interfere with the defendants in the latter's drilling operations. If the injunction is made permanent there will probably be a driller's race for the completion of the project west. The suit probably will turn upon the question of whether the filing of a mineral claim on oil land gives the locator any preference right to the possession of the territory, in advance of the actual discovery of oil. If the negative is held the plaintiff and any number of other people will have the right to go on the ground and extract oil, the only advantage resting with the party who actually finds the oil first.

"I think it is well that everybody should know there is such an ordinance before we begin its strict enforcement," said the chief yesterday. "This law is for the benefit of the public generally, and we believe citizens will assist this department by observing it."

Third Boy Arrested; Four Is a Fugitive.

With a thirst for liquor of the wine, and with no employment, sweep them out of mischief, four boys started on Monday night.

Three landed in the City, and a fourth is sought by the police.

It is possible that they may have been charged with burglary.

The boys in custody are Norman, Gay W. DeLong and Arthur.

The fugitive is named Marion.

The night porter at the Van Nuys

was discovered three of them in the basement of the hotelier, with reinforcements, who had left. From all outward ap-

peared nothing to tell him of the

robbery, he said.

A boy after a short chase was captured in the Lawrence Café, where he was nervously devouring a sandwich.

POLICE SEARCH ROOM.

When the police searched him at the Edison Annex Hotel, were M. and C. were said to have joined them. They were compelled and the night

and the officers, who had been

compelled to ask them to make

the search, he intended to use it if he could get into trouble and was a

customer.

The detectives gathered all of the evidence against the trio and combed them with it. They are all known to be bad characters.

They are now being held in custody.

The police expect to arrest them.

CHECK ON BAD CHECKERS.

Merchants Take Steps to Protect Persons Who Impose on Them With Worthless Paper.

At a largely attended meeting of all merchants yesterday afternoon, in the rooms of the Merchants' and Manufacturers' Association, it was decided to raise a fund to be used for protecting persons who pass worthless checks upon the members of the association. It was argued that the merchants had been too lenient in cashing checks in the past, and that hereafter a customer must be identified before a check will be accepted. The amount of the check does not apply in case of regular customers who pay their bills on time.

In order to make the prosecution certain, the association employ a special attorney who is well known in criminal law. Even if the check-passers succeed in getting off, the city the merchants will send their bills to him and bring him to trial.

It is believed that this drastic method will give the police a better chance to apprehend and prosecute criminals who continue extending the operations of Los Angeles.

Many business men did not care to contribute when a small check was passed, but the new plan that will be adopted will include all expenses incident to the arrest and conviction of the criminal.

GREAT STAMP TRAFFIC.

Sales at Local Postoffices Over Dred and Seven Thousand Dollars Last Month.

The sale of postage stamps reached a high total of \$107,385.39, an increase of \$12,000 compared with the sales of October, 1905. The city of Los Angeles is now numbered among the great cities of the West.

The number of pieces misdirected or forged was addressed mail received in the office during the month was 509. Correct addresses were found in 58,739 pieces, directed to points outside the city. City carriers delivered 156,205 pieces, leaving 258,571 pieces awaiting call at the general delivery office.

The average number of callers at the delivery windows, exclusive of Sunday, was 151,063; a daily average of 50,354. The number of changes of address filed in the postoffices was 23,

FUNERAL OF BYRNE.

ULL MILITARY BURIAL.

EXCELSIOR PRESS DAY REPORT.

ST. POINT (N. Y.) Nov. 2.—Engines A. Byrne, who died on

Sunday as the result of injuries received in the second half of the Harvard-West Point football game, was given a military burial in the academy cemetery here today.

The funeral was attended by the entire body of cadets, officers of the academy and the army post and scores of friends of the young soldier. The parents of Cadet Byrne stood beside the grave.

preceding the interment, the cadets marched to the beat of muffled drums, to the Roman Catholic chapel of the reservation, where the religious ceremonies were held. The post will be in mourning thirty days.

PASADENA WINS.

TIGER CUBS FIGHT HARD.

The Pasadena High School eleven defeated the Occidental private department, 11 to 6, in a snappy game on their Field yesterday afternoon.

Occidental played a stiff game, but the clever teamwork of the Crown City men was too good.

Myles scored the first touchdown on a tackle around end, after having run a splendid 30-yard run on the 50-yard line. Muckerman kicked right end.

Muckerman added five more points on a short quarter-back run around right end.

The line-up:

L.E.	MacDonald
L.T.	Knight
E. Lane	Jones
T.C.	Loughrey
R.G.	Jacomin
R.T.	Hays
R.E.	Fravener
Duke	Kent

AMATEUR NOTES.

Pomona's game against Whittier Saturday again a dramatic affair, with a goal-kicker Pomona's own goal meant the game to the Claremonters by one point. Another game the same day was won by the Yale freshman against Andover by a goal kicked.

It certainly pays to have at least one good player on the team.

One thing may militate against Occidental, next Saturday, the Tigers have as yet shown no particular aptitude in forward pass work. U.S.C. and Orange Athletic Club and at least once successfully against St. Vincent's. Both Pomona and St. Vincent's use plenty of open plays, but as yet the Tigers have shown no inclination to depart from old-fashioned tactics.

The much-anticipated drop-kick seems to be coming back into favor again. At best placement goals were a poor substitute for the one-man try; if team possessed no good drop-kicker, it would be better to let him at a good placement. With a good drop-kicker, a score from anywhere inside the 35-yard line is a good probability; but the best boot in the world is apt to fool a punter in the 35-yard line, two-inches plus.

### ACCESSORIES

#### VESSEL SIX IS ENTERED.

Announces Choice  
for Phoenix Run.

Here as Third Man of  
Franklin Crew.

Isotta-Fraschini Ar-  
rives on Time.

T. Shettler will enter the Kiso  
in the Phoenix race. The racer  
will start at 12:15 o'clock on a  
large 8-pound rod at Balboa, Saturday.

Marie Hanshue is to  
drive the car, and Lee Gehrke is to  
be mechanician. The Kiso is the  
biggest entry in the race, and the  
biggest motor ever sent over the

water of everything that would  
lower his chances of winning, the  
motor looks powerful with the  
large gasoline and oil

in view. Bigelow is studying  
the roads and shadows of the road  
here to Banning. He should have  
time by the time he reaches the

water to make his move.

GOOD ROAD GUIDE.

There is no better road guide in  
the West than Bigelow. He knows ev-

erything about the roads from here  
to the mountains.

He is familiar with every

road in the Kiso.

He has made only one trip,

but he has been lucky.

His luck has paid off, for he has won

race.

THURSDAY START.

Shettler's suggestion is taken  
and the race will be started Fri-

day instead of yesterday.

Shettler says it will take at least a day

to travel across the Colorado

### NOW FOR A BOOST.

## TRADE CHAMBER STARTS WELL.

### COVINA ORGANIZATION HAS "COMING OUT" BANQUET.

**Chairman Dilates Upon Intelligent Energy Which Has Made an Orange Garden Out of Desert in Fifteen Years—Practical Speeches Are Made by Visitors.**

**COVINA, Nov. 2.—**The new Chamber of Commerce was welcomed at a "coming-out party" tonight, when 300 guests gathered in the new hall of Covina Lodge, L.O.O.P., No. 322. It was the greatest awakening this enterprising city has experienced. At every mention of a "greater Covina," men and women cheered.

The hall was decorated in orange and emerald. Smilax and chrysanthemums were used to splendid effect. At the head of the room, the invited members of visiting chambers of commerce and the speakers were assembled, while the supporting guests of honor were seated at two long lines of tables.

**TOASTMASTER J. L. MATTHEWS,** president of the local chamber, started the speaking, making the point that intelligent energy had made an orange garden out of a desert in the last fifteen years. He introduced Mayor Lahee of Covina, who paid a tribute to the people of surrounding towns in the West "Our Guests." Rev. Harry W. White spoke in encouraging terms of the work of the president, while Rev. S. W. Gage responded happily to a toast relating to the city's growth.

**TEAMSTER KILLED.**  
George McConnell, a teamster employed by C. W. Brasheer, L. W. Hall building, Los Angeles, and who owned at No. 367 New Depot street, Los Angeles, slipped and fell from the wagon which he was driving, at a corner of El Centro and State Oaks Avenue, Pasadena. In McConnell's coat pocket a letter was found addressed to him by a relative in Richmonde, Kan. An effort is being made to locate his friends.

**DIPLOMATIC MATOR.**

At the meeting of the City Council yesterday morning Mayor Earley was given authority to appoint William Sumner, of Boyle Heights, to a committee to investigate the value of real estate belonging to the three oil companies whose property the mayor purposes to buy. At the last election for municipal ownership the waterworks Thum was bitterly opposed to the group which won. Again, the Mayor has shown his pliancy in selecting one committee from each of the factions.

**WEATHER BUREAU.**

E. R. Soror is to have a fully equipped Weather Bureau where he can measure the rainfall, get maximum and minimum temperature, the number of cloudy days, sunshiny days and everything else of interest from a climatic standpoint. The City which has already spent \$200,000 to purchase up-to-date instruments to facilitate the work and in future Pasadena is to have a place among the Weather Bureau stations the Southwest.

**NOT ENOUGH PRESENT.**

The stockholders' election of the north Pasadena Land & Water Company, called yesterday to vote authority to sell the plant to the city, failed for want of a quorum. In order to authorize the sale of the plant it was necessary to have two-thirds of the votes of stockholders of about 200 shares. There were less than 60 shares represented at the meeting, therefore the election was postponed.

**WOMEN'S CLUBS.**

The ninth annual meeting of the Los Angeles District Federation of Women's Clubs will be held here November 16-17-18, at the Shakespeare Inn on Los Robles street. Invitations have been sent out to every member of the federation in Southern California and a large attendance is expected.

**ELABORATE LUNCHEON.**

(Mrs. J. E. Meeker of North Raymond was the hostess yesterday at a elaborately appointed luncheon in honor of Miss Tussi of Teauaute, Ind. Autumn leaves and pine boughs were in fine taste decorations. Covers were laid for Mimes, Charles K. Alley, Henry H. Harris, John Peartman, and the Misses Meeker.

The Valley Hunt Club's dancing class will open its winter session at its clubhouse Friday afternoon and unusually large membership. The partners of the series are Misses Albert Sherman Hoyt, Walter Wotkins, Thad Lowe, Charles Hibbard and William R. Staats.

Mr. and Mrs. J. Dawson Thompson of south Orange Grove have made arrangements for a large reception and dance to be given in December, introducing into society their daughter, Miss Florence Thompson, who has recently returned from school. The reception will be given in the afternoon at their family residence, and the dance the evening at the Valley Hunt Club.

Dr. and Mrs. Francis F. Rowland of south Mareno avenue will give a large reception and dance at the Valley Hunt Club, Tuesday evening, December 5.

J. E. Gwynn of Huntington Terrace returned from a six weeks' trip to Mexico. Mr. Gwynn and Miss Mary Gwynn will remain in the East several weeks.

Glendora.

**GLENDORA, Nov. 2.—**Surveyors under the direction of Chief Engineer Pillsbury of the Pacific Electric Railway are running a line from the San Gabriel stone quarry. It is believed that the right of way will be acquired with comparatively little expense, as property holders along the route are anxious to secure the road.

The probabilities are that the terminals will not remain long at the community's quarry, but will be extended to Claremont and Upland system, now under construction.

The Business Men's Association met last evening and decided to subscribe \$50 to be used in improving the public road from Glendora to the beach. The estimated cost is \$100, of which the county will donate one-half, Charter Oak one-fourth and Glendora one-fourth.

**BREVITIES.**  
An organ recital was given last night at the Christian Church by Ernest Douglas of Los Angeles. The occasion was the dedication of the new pipe organ, just installed at a cost of \$10,000. Mr. Douglas was assisted by Dr. Franklyn B. Ives, Fred G. Novis and George F. Aspinwall, and the full choir of the Christian Church.

Henry Newby, president of the Pasadena National Bank, has been appointed by the Board of Trade as a delegate to the National Farm Congress, Chicago this month.

George Wharton James delivered a lecture last night at the Universal Church on the subject, "Robert Browning."

The marriage of Miss Bessie A. Burdick to William A. Robinson of Sterling, Ill., was solemnized last night in the home of the bride's uncle and aunt, Mr. and Mrs. George H. Dawson, No. 1855 North Raymond. The ceremony was performed by Rev. Malcolm J. McLeod.

The protestants against the changing of Claremont Drive to Logan street appeared before the City Council yesterday morning and succeeded in their efforts to have the old name retained.

The Pasadena Japanese Society will hold a celebration on Wednesday evening at Macabbee Hall in honor of the birthday of the Emperor of Japan. Five hundred invitations have been issued. Dr. J. A. R. Sherer and other prominent men will address the meeting.

**POSTAL GAINS.**

The post office receipts for October show the remarkable gain of 24 per cent over the same month last year. Receipts were \$414,12, as against \$384,37.

J. W. Eldridge cut a thumb a few days ago with a shovel. The wound has become infected, and his physician is working on the bad case of blood poisoning.

**DR. IVES DIES.**

Dr. Franklin B. Ives, one of the oldest and best-known citizens of Long Beach, died last night. He had been in failing health for many years, but to the last retained the use of his faculties to a remarkable degree, considering his advanced age of 86 years. Dr. Ives was born in Chautauqua, N. Y., in 1833. Removing to Illinois at a young man, he was for forty years one of the known medical men in Chicago. About twenty years ago he retired, and taking a deep interest in the Baptist faith, was ordained a minister. He came to Long Beach fourteen years ago, and was identified with the upbuilding of the Mormon church here. He died in Washington, D. C., in 1904 to Mrs. Jennie Moorehead, who survives him. There are also three grown daughters by a former marriage. Funeral services will probably be held on Thursday, the remains being sent to Chicago for burial.

**HOLE IN HOLES.**

Mr. Bartolo of the Hotel Del Mar this morning found a young woman in the lobby of the hotel calmly removing her shoes and stockings. She said she was a widow, widowed suddenly, and she wanted to take a walk where it belonged. She was persuaded to leave the hotel, but left the stockings on the table. The young woman registered at the hotel yesterday as "Wilma Collins" from Fullerton, but was unable to get a room.

**Councilman Miles Strongly Objects to the Claim and Says if an Attempt Is Made to Liquidate It He Will Take Legal Proceedings Against the City.**

**SANTA MONICA, Nov. 2.—**Although the municipality's concrete pier was completed, accepted and dedicated two months ago, final payment for it has not been made, according to a claim pending before the City Council. This was presented by the Stutterer Cement and Grading Company, the builders, and is for \$2700. It has been proposed to the Council that this bill for extras be arbitrated. The Council has named H. X. Goetz; Stutzer has selected J. F. Heidenmann, and the two are to choose a third member of the board of arbitration. Councilman Miles has filed a communication with the Council stating that there is no merit in the claim of Stutzer, and that any payment made to him under the proposed arbitration would be nothing less than a donation or gift of the city's money. Therefore he gives notice that if any legal action is taken to pay Stutzer on this claim he will, as a citizen and taxpayer, enjoin the suit.

The Chamber of Commerce is organized with 225 members. It started on October 5 and \$2500 has already been subscribed, of which \$1000 is to be paid at the present time. Among the guests was Ellen Beach Yaw, the famous operatic singer, who makes her home in Covina. The banquet was served by the ladies of the Woman's Club.

Among the speakers were J. L. Miller, secretary of the chamber at Long Beach; Ward H. Stevens of Azusa and Secretary Truit of the Pomona chamber.

Robert C. Anderson, candidate for City Auditor, said that he has been in all parts of the city, and that everything indicates a victory for the entire Republican ticket.

E. E. Bostwick, candidate for City Auditor, who has long experience in various departments of the city government, said that he was the Deputy in the Auditor's office said:

"The expenses of the office have doubled and the working force has doubled in the office since we left it. It is all right enough if we have had proper returns, but if we have not, I would like to know how you know."

Other candidates presented were H. H. Yonkin, for reelection to the City Council; R. Heflinger, for City Treasurer, who received an ovation as his G.A.R. button was seen; W. E. McKee, candidate for City Council; W. H. O'Connor, for City Council; Henry H. Lyons, for City Council; Percy W. Ross, for City Council; and Charles J. Letts, for City Council.

Enthusiastic speeches were delivered at the close of the meeting by Capt. Thomas Shee, Frank Blair, J. J. Gosper and City Chairman Casselman.

**PROPOSAL CONDEMDED.**

**Monrovia Citizens Object to Portion of City Hall Being Converted into Fire Department.**

**MONROVIA, Nov. 2.—**To protest against the conversion of a section of the City Hall into a fire department, and against defacement of the building, many ratepayers attended the Trustees' meeting last night. A petition of remonstrance signed by 25 per cent of the electors was presented to Mayor Scarborough. The Trustees declined to be drawn into public discussion of the matter, except that H. J. Evans, chairman of the Fire Committee, stated that no change would be made before ninety days and that there was plenty of time for consideration.

An election will be held in the spring to decide whether Monrovia shall apply for a fifth-class city charter. Permanent provision for the fire department will probably be deferred till fall.

Bids have been accepted for the improvement of California avenue from White Oak to Falling Leaf. Oswald Bros. of Los Angeles get the contract and will begin within thirty days.

Owing to continued warm, dry weather, orchardists have again begun to trim their groves and the city is furnishing additional hundred inches of water daily for this work. The fruit is large and the crop promises to be of fine quality.

**Three Pomona Youths Are Sent to Detention Home for Being Too Thrifty and Systematic.**

**POMONA, Nov. 2.—**Norman Biss, Tom Holmes and Lawrence Palmer have been sent to the Detention Home in Los Angeles, having been discovered by Constable Slanker in a systematic wajinzel stealing combine. The lads worked together around here stealing walnuts by the sackful when they had no time to eat them. They are now employing nearly 50 men a boarding-house and small cottages for rent to the families of employees will also be constructed. That portion of the town is growing rapidly.

In the new survey of this city, provision is made for the establishment of a sewer system.

**SIX AUTOMOBILES** were put out of commission at Ninth and Olive streets last night by an open ditch which had been left without a cover. A hole between the car tracks yawned across the street without any warning flag or light. One after another, six cars dropped into the ditch. Two twisted axles and four punctures resulted. Two of the cars had to be abandoned.

### EXPECTANT CABBAGE GROWERS.

Good Prices Anticipated as Crop is  
Small in Orange County—Record

of Week's Shipments.

FULLERTON, Nov. 1.—The few  
growers who will plant cabbage this  
season expect top-notch prices on ac-  
count of the short crop. The cabbage  
output from Orange county last sea-  
son was 357 carloads, and growers re-  
port there will not be more than 150  
carloads next season. The output may  
fall short of this estimate. Many  
farmers were not at all satisfied with  
the returns received for the crop last  
season and report that it will be some  
time before they again plant their  
lands to cabbages.For the week ending last night the  
following shipments were made from  
Fullerton in carload lots: Walnuts,  
Fullerton-Pleasanton Association; 2;  
Santa Barbara County, 1; C. C. Chang,  
late oranges, Benchley Fruit  
Company; 6; Thomas Strain, Jr., 1; C.

**A NOTHER BOAT FOR SAN PEDRO.****ESSEN COMPANY TO PUT THE TRANSIT ON RUN.****Business on Mexican West Coast is Becoming Too Great for Vessels Now Flying Between Points—Boat to Be Thoroughly Overhauled for Its New Service.****San Pedro is to have another boat added to the number now operating between that port and points on the Mexican west coast.****The Jelboen line, for which the independent Steamship Company of this city is local agent, has decided to put the Transit on this run and as soon as the boat can be thoroughly overhauled and put in shape it will be started on regular schedule between British Columbia points and Corinto, South America, touching at San Pedro, Mazatlan, Manzanillo, Salina Cruz, San Blas and Acapulco, on the Mexican coast and various Central American ports.****The Jelboen line already operates the Erna and the Ella on this run, but business has increased to such an extent that another is necessary. The Transit is a vessel of about 2500 tons.****Senate Committee.****Traveling in a handsomely appointed special train the members of the Senate Committee on Irrigation and Reclamation of Arid Lands will arrive in Los Angeles from the Southern Pacific from San Francisco at 2:30 p.m. on the 12th inst. and will pass several hours here, leaving for the Imperial Valley at 11 p.m. The party will reach Imperial Saturday morning and will spend a day at that point, returning home by way of Yuma, El Paso and Chicago.****St. Louis Sleeper.****The Salt Lake is endeavoring to arrange for a through sleeper to be attached to its new limited train to be put on between Los Angeles and Salt Lake. The intention is to add this sleeper and a compartment-observation car which will run as far as Salt Lake, if the equipment can be secured. The St. Louis sleeper will enable the Salt Lake to go after a portion of the increased St. Louis traffic, expected as a result of the Pennsylvania and New York Central giving the Mound City fast service to New York.****T. C. Peck, general passenger agent of the Salt Lake, yesterday sent out circulars announcing the schedule of the new train and its equipment. Westbound train No. 3 will carry one standard sleeper from Butte; one from Salt Lake and a tourist, one from Kansas City, in addition to a dinner, smoking, dining-chair car, a day coach and a baggage car. Eastbound it will be train No. 4 carrying a butter sleeper to Denver, via the Denver and Rio Grande, and one to Salt Lake with the similar equipment, otherwise, to the westbound train.****Difficulty is being experienced in getting the St. Louis sleeper and the compartment-observation car, but it is hoped to arrange this so that the additional coaches can be handled.****Winter Tours.****The Chicago-Union Pacific-North-Western Tourist Department will bring four large parties to Los Angeles this winter. One to the mountains received yesterday from Chicago by Assistant Manager J. H. Pearman. These tours will be personally conducted and will last from forty-one to seventy-one days, embracing side trips and excursions to many different parts of the State. The first of these special parties will leave Chicago on January 18, direct for California, the others following on February 8-22 and one at a date yet to be selected. From all indications the parties will be large and representative of the best travel from the East. To arrange for the second meeting of the tourist a traveling agent will reach this city today to consult with Mr. Pearman. Tourist travel for the season of 1910 bids fair to be exceptionally heavy and will be in advance of the movement last year.****Colostrum Rates.****It is expected that the question of abolishing the colostrum rate, that yearly draws large crowds to California, will be taken up at the next meeting of the Transcontinental Passenger Bureau. Many of the lines west of the Missouri River are sales to favor the abolition of the rate, but the Salt Lake has held to the line for a long time and will probably be unsuccessful in staying off action at the next meeting. The Denver and Rio Grande is said to be among the roads in favor of curtailing the privilege, and representatives of that road have indicated future opposition. A. C. Bowles, general passenger agent of the Salt Lake, decries his road's unalterable opposition to any change, and will insist on the low rate remaining in effect as formerly. The spring movement is expected to begin about March 15, when the low colostrum rate will probably be effective.****Railroad Notes.****F. A. Wann, freight and traffic manager of the Salt Lake, is expected home today from a visit East. A. F. Bowles, the new assistant superintendent of the Los Angeles division of the Southern Pacific, has arrived. He was formerly on the Sacramento division in the same capacity. A. E. Jackson, traveling passenger agent of the Union Pacific, returned from Redlands yesterday.****The visitors to Yellowstone Park for the last season numbered 22,542.****Charles K. Adams, chief clerk in the general freight office of the Santa Fe, has returned from a two weeks' vacation.****BRADY'S NOVEL DARING.****Divine New Book Deals With Life of Beautiful Woman on Island.****[BY DIRECT WIRE TO THE TIMES.] KANSAS CITY, Nov. 2.—[Exclusive Dispatch.] The first book by Rev. Cyrus Townsend Brady, rector of St. George's Episcopal Church, that he has published since he came to Kansas City last winter, is in readiness for the public's approval. The novel is rather daring, coming, as it does, from the pen of an eminent divine, in that it has to do with the experiences of a beautiful woman while marooned on a desert island with a young Apollo;****If "The Island of Regeneration," as Dr. Brady's novel is called, fails short of the mark, it is due to the fact that it is conveyed by the author, it is only because there are not enough islands in the ocean to provide solitude and reflection for all the Katherine Brentons in the world while the heroine falls in love with the only available man, who in this case is an untamed Hercules, "beautiful as the morning."****For Orange Groves See A.
